Italy swiftly began the task of establishing a civil government in Ethiopia Wednesday while the British government debated the future of the League of Nations and of collective security itself.

Despite the admitted blow to the League by its failure to save Ethiopia, the British government has no idea of abandoning Geneva, it was disclosed.

Foreign Secretary Anthony Eden told the house of commons during foreign affairs debate that the League "must go on."

In Rome, where a delicious celebration of the occupation of Addis Ababa extended into the second day, it was learned that Italy would be adamant when the League council meets next Monday.

As Italy began the task of taking over her vast new acquisition Giuseppe Bottai, former governor of Rome, was appointed civil governor of Addis Ababa.

Detachments of fascists stood guard over various legations, where thousands of foreigners were besieged for four days. Many of the foreigners had their first square meal since Emperor Haile Selassie fled the capital Saturday.

On Hunter, Karpis' Aid**

NEW ORLEANS, May 6.—(UP)—Federal authorities here today placed Fred Hunter, captured with Alvin Karpis, alleged St. Paul kidnapper and slayer, under \$200,000 bond on a charge of "harboring and concealing" Karpis and committed him to the federal prison awaiting action by Attorney General Cummings in Washington.

The charge was filed before United States Commissioner Reginald L. Carter Jr. by District Attorney Kent Viosca. At his hearing before the commissioner on arraignment Hunter refused to enter a plea and waived preliminary hearing.

Former Employee of American Bond and Share, on Stand at Trial of Lee and Smith, Describes Methods of Fugitive President.

By LAMAR Q. BALL,

Things began to hum in the offices of the American Bond and Share Corporation when the suave, well-groomed Benjamin R. Bradley moved in and took charge, a jury in United States district court was told yesterday.

The outfit moved into spacious new quarters; the sales staff was doubled; professional stenographers and secretaries added to the impressive qualities of the scene; a library was installed; each office was given a reception room and the affairs of the company were established in the grand manner.

Benjamin R. Bradley took complete charge, according to the testimony yesterday in United States district court of Mrs. Ruth White Metcalf, who landed ultimately in the job as private secretary to Bradley.

Also Names Ragsdale To Head Police Board While Absent From City

Stiff Fights Loom as Deficiency Measure Comes Up in House Today.

Declaring that "politics are over for me," Commissioner Edwin F. Johnson, leader of the once-powerful "majority faction," yesterday resigned as the commission's representative on the Fulton bond and pension committee, leaving the commission to approve his designation of Commissioner J. A. Ragsdale to act for him as chairman of the county police committee when absent.

His resignation from the welfare board is to take effect when his successor is appointed.

Johnson's absence came at the end of a long meeting of the commission yesterday afternoon during which the commissioners were asked by delegations asking for road improvement work throughout the county.

Political observers said his action in relinquishing the two important posts on the county board will have far-reaching effect in the administration of county affairs.

Johnson's Reasons.

Commissioner Johnson quietly told his fellow commissioners that he was going to end out of the city a great deal for various reasons I am taking this action." He said he will leave Atlanta today for his Sea Island home but will attend a special meeting of the board next Wednesday when several financial questions will arise.

Commissioner Johnson bitterly opposed the re-election of Commissioners George F. Longino and Ragsdale in the spring primary. They were re-elected by an overwhelming vote.

County commissioners failed to take any action on a motion by Dr. Charles R. Adams, chairman of the bond and pension committee, to raise the salaries of all commissioners from \$300 a month to \$200 as a first move in helping to find \$100,000 requested by County School Superintendent Jere A. Wells and Thomas W. Moore, county board of education, to teachers during the summer months.

Commissioner Longino said he would not vote to reduce their pay until "after I get back that \$300." "What \$300?" asked Johnson. "That I spent getting re-elected," Longino replied. And the commissioners laughed.

**Marantonio Offers Rival Bill
in Puerto Rican In-
dependence.**

WASHINGTON, May 6.—(AP)—Charging the United States has "ruined" Puerto Rico, Representative Marantonio, republican, New York, proposed in a bill introduced in the house today that the island be given complete independence in 90 days along with "a substantial indemnity."

The measure, Marantonio said, was an "answer" to the administration-supported proposal of Chairman Tydings, democrat, Maryland, of the senate territories committee, for an independence plebiscite in 1937—a suggestion which has stirred a Puerto Rican controversy.

Citing relief administration figures that 70 per cent of the approximately 1,800,000 population is unemployed, Marantonio declared the Puerto Rican situation was "the shame of the Americas."

Puerto Rico, under his bill, would have continued free entry to the United States for her sugar and other

products and no restrictions upon immigration, along with political freedom.

A spokesman for the independence advocates—Insular Senator Luis Munoz-Marin—commented here that the economic terms proposed were "far superior to those of the Tydings bill from the viewpoint of both Puerto Rico and the United States."

DEMOCRATIC BODY****First Secretary of Control
Board Goes With Nation-
al Committee.**

WASHINGTON, May 6.—(AP)—The democratic national committee announced today Mrs. Boyce Ficklen of Washington, Ga., past president of the American Legion auxiliary, had been added to its staff.

Thus both parties now can claim an American Legion auxiliary past president as their national chairmen. Mrs. Robert Lincoln Hoyal took charge of the women's division at republican headquarters last August.

Mrs. Hoyal was national president of the American Legion auxiliary in 1930-31; Mrs. Ficklen in 1928-29.

Mrs. Ficklen will direct a series of non-political educational campaigns for the Democratic Digest, a magazine sent out each month by the women's division of the party.

The committee simultaneously announced a \$50,000 subscription contest for the Digest, to include among the prizes eight trips to the democratic convention in Philadelphia.

**WAS SECRETARY
OF CONTROL BOARD**

WASHINGTON, Ga., May 6.—(AP)—Mrs. Boyce Ficklen Jr., of Washington, who has been named to the national democratic committee's staff, once headed a state job involving payment of more than \$1,000,000 a year.

Mrs. Ficklen, long prominent in Georgia civic affairs, was first secretary of the state board of control which operates the state's elementary institutions. The board was created as a part of the state government's reorganization under leadership of Senator Richard B. Russell Jr., former speaker of the state house of representatives, and later governor of Georgia.

She is a member of a distinguished Georgia family.

NEW HAVEN, Conn., May 6.—(AP)—C. A. B. Halvorson Jr., consulting engineer for the General Electric Company, told a group of engineers at Yale today that highway lighting and construction are in the same relative position now as building, construction and scientific interior lighting were a quarter of a century ago.

Highways are being built only with regard for daytime traffic movement, he told the opening session of a three-day meeting of the American Institute of Electrical Engineers.

"It would appear," Halvorson said, "that highways have been designed wholly with regard to safe movement of vehicular traffic by day, the general assumption being that the lighting requirements can be adequately met by the illumination provided by auto headlights, tail lights and the illuminated direction signals on trucks and buses."

This assumption, Halvorson declared, is incorrect and "terrific eye strain and physical fatigue are the results."

**ELLENBOGEN MEASURE
IS REPORTED TO HOUSE****Authority To Fix Textile
Wages, Hours Is Pro-
vided in Bill.**

WASHINGTON, May 6.—(AP)—The Ellenbogen bill for federal regulation of the textile industries was reported to the house today, accompanied by a minority report by Representative Hartley, republican, New Jersey, challenging the measure's constitutionality.

Chairman Connelly, democrat, Massachusetts, of the house labor committee, said he would seek a rule to bring the bill before the house at this session. Representative Ellenbogen, democrat, Pennsylvania, author of the bill, asserted it had a "good chance" to pass the house before adjournment.

The bill, twice rewritten to meet some objections of employers, and to remove questions as to its constitutionality, would set up a textile commission with authority to fix minimum wages on the basis of a 35-hour work week, and to provide for control of trade practices and the method of enforcement would be similar to that employed by the trade commission.

Majority Report

In his majority report from the subcommittee, which accompanied the bill, Keller attributed illus of the textile industry to obsolete machinery and merchandising methods. These factors, he said, stimulated consumer prices while depressing wages and depriving the industry of reasonable profits.

"Wage rates and annual earnings of textile workers," Keller's report said, "are now so low as to deprive them of decent and socially, economically desirable living standards. These degrading conditions have an implication wider than their immediate effect upon workers themselves, but the fact that they retard development of markets, not only for cotton goods but also for other factory and farm products, thus victimizing workers, mill owners and the general public."

Report Is Submitted.

Of the two readings of the bill, Keller's report commended the second to state that the labor representatives made many sacrifices for the sake of securing a bill that has best chance of being declared constitutional and secondly they made many concessions for the benefit of industry as a whole."

"I am very much pleased for the representatives of the owners."

"The management of southern mills would save itself much worry, much time and ultimate financial loss if it would comply with the maximum hours, minimum wages, abolition of child labor and the right of collective bargaining. The right to run my business as I please has been outlawed by a century and a half of growth."

Government Regulation

"The proponents of this bill," Hartley said in his report, "ask congress to impose a government scheme of government regulation on a selected group of American industries more sweeping and drastic than congress or any state has ever before attempted to impose."

"The regulation now proposed goes beyond even that attempted for the protection of agriculture in the emergency of the depression under the national industrial recovery act which has already been declared unconstitutional."

Francis J. Gorman, vice president of the United Textile Workers, which campaigned for the bill, said textile labor hoped the bill would pass because it would not only in the long run we know how to prepare, for its failure."

Asserting there was "no real opposition to the bill" Gorman said if it were defeated the organization would attempt to defeat every member of congress who opposes it.

**GIRL SCOUT DIRECTORS
CHOSEN IN ALABAMA**

MONTGOMERY, Ala., May 6.—(AP)—Mrs. Allan Harris, of Johnson City, Tenn., was chosen for a third time director of the local council of Girl Scouts of America at the closing of the annual regional conference here today. New Orleans was picked as the 1937 convention city.

Mrs. R. J. Ahrens, of New Orleans, was chosen as vice director and Miss Winifred Collins, of Birmingham, was reelected secretary.

Delegates were present from Alabama, Tennessee, Mississippi, Louisiana and Arkansas. Vera Meiger, of Birmingham, was announced as winner of the Flora Whiting scholarship, and Dorothy Gilbert, of Meridian, Miss., as winner of the Abigail Morris award.

The scholarship winners will be given trips to Girl Scout camps at Briar Cliff Manor, New York.

FOR C. W. FULWOOD, 71**

TIFFON, Ga., May 6.—(AP)—In a city park named in his honor, funeral services were held today for C. W. Fulwood, 71, prominent attorney, and leader in civic affairs. Fulwood died at his home yesterday after a long illness.

He had been chairman of Tifton's park commission since it was established many years ago, and was keenly interested in beautification of streets and parks here.

Three sons, Paul and John, of Tifton, and C. W., of St. Petersburg, Fla., and four daughters, Miss Carrie Fulwood, Mrs. Charles Pat Fulwood, Fort Benning; Mrs. W. W. Outerbridge, Annapolis, Md., and Mrs. E. W. Whittaker, Long Beach, Cal., survive.

NEW ORLEANS, May 6.—(AP)—A man about 30 years old hanged himself here today in an unusual manner.

His body was found hanging from a 10-foot bush in an evergreen clump by a gardener who was watering the blooming flowers and shrubbery.

The unidentified man was suspended from the bush by his belt which had been pulled tightly around his neck. His feet touched the ground but the coroner said he died from strangulation.

**NOTED 'LEPER APOSTLE'
BURIED IN BELGIUM**

LOUVAIN, Belgium, May 6.—(AP)—Father Damien, Belgium's famous "leper apostle" who spent most his life on the leper island of Molokai, Hawaiian Islands, died yesterday in a crypt here last night after lying in a state at the Holy Heart chapel.

Thousands filed past his coffin and prayed. A monument is being erected to his memory.

The body of the priest was brought to Belgium for burial, recognized him as a saint. He died in voluntary exile among the lepers of Kalawao February 15, 1889, and the body was exhumed for the trip back to his homeland.

M'CORD INTERPRETS VICTORY AS REBUFF

Alabama Says People Determined To Name Delegates.

BIRMINGHAM, Ala., May 6.—(AP) Judge Leon McCord, re-elected as Alabama's democratic committeeman, today interpreted his huge majority a tribute to his fight against the state executive committee's action in naming the party's delegation to the Philadelphia convention.

"I regard and accept the overwhelm-

ing majority not as a mere tribute to me," he said, "but as a decree of the people that they shall for all time retain to themselves the right to name their officers."

McCord in his campaign termed the committee action "high-handed" and "hand-picking." He advocated the selection of delegates by ballot, and, after losing a court fight to oust delegates chosen by the committee, announced he would "take this fight to the people."

On the basis of returns from 1,563 of the state's 2,200 voting places, McCord had 98,439 votes to 42,956 for Matt H. Murphy, of Birmingham, who conceded defeat.

WORKMAN IS INJURED IN TUMBLE FROM ROOF

Fred Bender, 65, of 439 Moreland avenue, N. E., was admitted to Grady hospital in serious condition at 11 o'clock yesterday morning suffering from internal injuries, possible fracture of the pelvis and fractured ribs and fingers received when he fell from the roof of a house.

According to Hospital Patrolman J. E. Elliott, the injured man told him he was working on the roof of the home of Alderman J. C. Murphy, at 1371 Metropolitan avenue, S. E., when he lost his balance and fell.

PIGGLY WIGGLY**Fire Fighters Are Given Practical Training**

Hazardous feats sometimes required of firemen to save lives are being practiced by the 400 fire fighters attending the Georgia fire college. A group of them are shown here taking lines into the training tower at Station No. 7. The firemen are studying every practical phase of fire fighting, under the direction of 30 instructors. ROOSEVELT SLATE ELECTED IN IDAHO

LEWISTON, Idaho, May 6.—(AP) Idaho democrats tonight elected a convention delegation instructed to support President Roosevelt.

Ramsay Walker, Coeur d'Alene banker, was elected national commit-

tee man to succeed the late S. O. Tannahill, and Mrs. Emma Alexander Simons, Boise, won the committee chairwoman.

Governor C. Ben Ross and the state's democratic congressional delegation were named delegates at large to the national convention. Idaho has eight convention votes.

GEORGIA FIRE COLLEGE OPENS SESSIONS HERE**U. S. Engineer Speaks on Fire Prevention in Farm and Rural Sections.**

Latest developments in farm and rural community fire prevention were discussed last night by Dr. David J. Price, engineer in charge of the State Department of Agriculture, before the 400 firemen attending the first "theoretical" session of the Georgia fire college.

Fire-fighters from nine southeastern states are here studying practical fire prevention at a training school at Station No. 7 during the day, and are hearing lectures on theoretical phases of fire prevention at nightly sessions at the Ansley hotel.

Mayor Key welcomed the delegates at a meeting last night. Addresses also were made by Mayor Zach Arnold, of Fort Gaines, Ga., and Chief R. H. Hogan, of Baton Rouge, La., first vice president of the International Association of Fire Chiefs.

Training Tower.

This morning the firemen, under the supervision of 30 instructors, will continue practical training at the training tower, 555 West Whitehall street. Lunches are being served at noon daily.

One group will study first aid, the use of smoke masks and auxiliary equipment, care of equipment and fire-fighters' knots, with Captain H. S. Joyner and Captain J. L. Ivey as instructors.

Another group is to learn "Engine Operation" from Lieutenant C. W. Dunbar and Lieutenant C. C. Davis. Sub-topics of this course include placing of lines in buildings, hazards of fire fighting, methods of extinguishing fire and care and operation of pumping.

Chief D. W. Brosnan, of Albany, Ga., chairman of the board of directors of the fire college, will instruct the men in group three in salvage methods, firemanship, fire prevention and building inspection.

Engineer To Speak.

At the session tonight, George L. Swan, engineer of New York city, will speak on "Recent Advancements in Fire Fighting Methods." The operation of a volunteer fire department will be discussed by Chief W. W. Stephen, immediate past president of the Southeastern Association of Fire Chiefs. Chief Brosnan will be heard in an address entitled "Selling the Fire Department to the Public."

Atlanta has 250 firemen attending the college. Other cities with delegations here include Columbus, Fort Benning, Fort McPherson, Covington, Canton, Decatur, Miami, Jacksonville, Durham, N. C., Gadsden, Ala., Cartersville, Griffin, Marietta, Warm Springs, Cairo, Phoenix, Ala., Thomasville, Jonesboro, Bennettsville, N. C., and Anniston, Ala.

The college will close with a banquet tomorrow night, followed by a commencement address by Chief O. J. Parker, of Atlanta. The Atlanta chief will present certificates to the firemen "making the grade" in their studies.

FARLEY SAYS EAST BENEFITED BY AAA

"Nothing Regional in Ad-

ministration Farm Pro-
gram," He Notes.

HARTFORD, Conn., May 6.—(AP) Postmaster General Farley told Connecticut democrats tonight the east had benefited from farm relief through "enormously increased shipments of meat and food to the west."

At a meeting sponsored by the democratic state committee, the chairman of the party's national committee described attacks on the administration as "fly specks on the fair canvas on which a statesman has inscribed a wonderful recovery for a shaken people."

"It may seem scandalous to those who have not analyzed the situation that a farmer in Nebraska should have been paid something for abstaining from planting his whole acreage in wheat or corn," Farley said, "but when you figure that what he got came to you for the things your factory supply, it may not seem so monstrous after all."

"When the restored purchasing power of the farmer increased the output of your factories 50 per cent, or more, you must realize there is really nothing regional in the emergency measures that have taken the whole country out of the red."

PEDESTRIAN INJURED AT PRYOR AND AUBURN

Struck by an automobile while crossing the street shortly after noon yesterday at the intersection of Pryor street and Auburn avenue, J. E. Sasser, 60, of 963 Piedmont avenue, was admitted to Grady hospital with a possible fracture of the skull. His condition is "only fair," according to hospital attendants.

Bill Venable, of 920 Hill street, said to be the driver of the car which struck Sasser, was charged with reckless driving by police.

Max Silverstein, 73, of 619 Washington street, was in fair condition yesterday at Piedmont Hospital, where he was taken after being struck at 10 o'clock Tuesday morning at Druid circle and Edgewood avenue by a car which was driven by Mrs. S. R. Greenblatt, of 803 Briarcliff road, according to police.

Investigations by police disclosed that Silverstein ran down the sidewalk into the path of the car. He suffered severe lacerations about the face and body. Mrs. Greenblatt was charged with reckless driving.

ATLANTAN IS ELECTED EDITOR OF 'TECHNIQUE'

Joe F. Alexander, of Atlanta, was named editor of Technique, Georgia Tech weekly newspaper, in elections held Tuesday night by the Student Council of the school. Donald C. Johnston, of Sasser, was named business manager.

L. M. Moye Jr., of Cuthbert, was elected editor of the Yellow Jacket, monthly humorous publication, and D. L. Echols Jr., of Atlanta, will be its business manager.

The Blueprint, the college yearbook, will have H. D. Emmert Jr., of Tulsa, Okla., as its editor and James C. Ryan, of Delavan, Ill., for its business manager.

LEGION PLAQUE IS WON BY TECH HIGH R. O. T. C.

The R. O. T. C. unit of Tech High school, yesterday morning, won the plaque for the best drilled company by the American Legion Post No. 1, taking the honor for the second consecutive year.

Company A of Tech High school, competed with Company A of Boys' High school for the trophy. The top two companies in both schools went through their pieces before a body of three judges in the competition.

The plaque will be presented to the Tech High company Monday night at Ponce de Leon park at the observance of R. O. T. C. night.

SANCTIONS ON IL DUCE ARGUED IN COMMONS**Eden Answers England Must Face 'Realities' of League Failure.**

LONDON, May 6.—(AP)—In a give and take debate in the house of commons concerning views on continued sanctions against Italy, were expressed the views of the government's policy at Geneva next week, asserting "when the time comes his majesty's government will be perfectly ready to state its views."

Speaking before packed galleries, the young diplomat pledged that the government would "face the facts" of Geneva's failure to protect Ethiopia. Eden studiously avoided, however, expressing a policy to be pursued by Britain at a meeting of the League council Monday except to say that action must be taken.

Sir Austen Chamberlain, former foreign secretary, warned that continuance of sanctions now was a "policy of equal danger and futility."

Would Continue Sanctions.

In contrast, Sir Archibald Sinclair, liberal, called for a declaration that sanctions will be increased if asked for a free hand in this matter with this assurance: "The government will continue to pursue its policy under the League covenant."

Sir Austen Chamberlain, often spoken of as a probable candidate for prime minister, said: "The League ought to set itself to work to frame a solid structure, resting on more solid foundations."

In another part of London Sir Samuel Hoare, former foreign secretary, declared before a unionist party conference: "We are much stronger than we were."

Italy Flushed.

"The new Italy of today is flushed with what they believe to be a great victory. In any discussions about the future of Europe these factors have got to be taken into account."

Eden, discussing sanctions, said

ions over the problem raised by Italy's triumph in Africa.

"It is clear the League of Nations must go on!" he asserted. "In the modern world it is absolutely indispensable to the organization of international affairs."

"There must also be a taking of stock and that stock-taking should, in the view of the government, be undertaken by the League—although not hurriedly."

Blow Struck League.

"No doubt a blow has been struck at the structure of the League and the conception of collective security."

He dodged attempts to obtain a concrete statement of the government's policy at Geneva next week, asserting "when the time comes his majesty's government will be perfectly ready to state its views."

"At a moment of this delicacy and difficulty," he added, "I think it is asking too much to expect us to ask for a free hand in this matter with this assurance: 'The government will continue to pursue its policy under the League covenant.'

Eden studiedly avoided, however, expressing a policy to be pursued by Britain at a meeting of the League council Monday except to say that action must be taken.

Admits Failure.

"We have got to admit the failure of the League," he said. "We have got to admit our own disappointment. . . . if success is collective then failure is also collective. . . ."

"We must tell the world what we will do and what we will not do. There is a growing sense of danger that a foreign policy of appeasement is failing."

Here Eden was interrupted by applause from government benches and ironic cheers from the labor benches.

'Crusader' Is Arrested In Slot Machine 'War'

ST. PETERSBURG, Fla., May 6.—(AP)—Police stopped a one-man anti-slot machine crusade by the arrest of a man booked as J. B. Head.

The prisoner said he fed a dime machine \$22 and \$25. He invested one more dime in a shiny new hammer and went back to the drug store where he had been playing.

A couple of well-aimed blows put the device out of order.

their weakness was that they could not immediately be effective. He said the only sanctions that would be immediately effective was to close the Suez Canal.

"That," Eden continued, "must inevitably have entailed military sanctions, and military sanctions, my judgment inevitably lead to war."

Eden demanded of the opposition if they favored closing the Suez Canal, if they were ready for military sanctions, war, "or was their support of the League to be only threats, insults and provocations?"

If the government had not pressed for military sanctions it was because of horror of war, not from fear of the ultimate outcome, Eden added.

Admits Failure.

"We have got to admit the failure of the League," he said. "We have got to admit our own disappointment. . . . if success is collective then failure is also collective. . . ."

"We must tell the world what we will do and what we will not do. There is a growing sense of danger that a foreign policy of appeasement is failing."

COAL OFFICIALS REACH WAGE AND HOUR PACT

Continued From First Page

a sort of umpire. Telegrams from coal district civic groups asked, as President Roosevelt had, that the conferences do their best to agree.

Neither side, in conforming with a tradition, would reveal the items of the agreement, before it was ratified. These, however, were reported reliably to be included:

Continuance of present wage rates.

Granting of a seven-hour day and

25-hour week in the second contract year, with pay for 40 hours on the part of miners. Unauthorized mining by jobless miners were curbed by that time.

A pledge by operators to attempt widening of employment through wider geographical distribution of production activity.

Complete check-off of union dues.

A pledge by the union to co-operate to improve the general economic position of the industry.

The union had asked, among 22 demands, six-hour day and 30-hour week, equalization of working time by reopening some closed collieries, and a "substantial price increase." Miners were to get 48 hours.

The operators had asked a pay reduction to 1918 scales, co-operation to halt unauthorized mining as an outlaw practice making appreciable "bootleg" inroads on their markets, and assurance that wage disputes arising within the life of the agreement would not cause strikes.

The old contract ran out March 30.

Members of the subcommittee named to write the contract were:

For the operators, Major W. W. Inglis, Scranton, Pa., president of the Glen Alden Coal Company and operators' chairman; Jessie B. Warriner, Philadelphia, and Albert B. Jeppson, Toledo, Ohio.

For the mine workers, Lieutenant Governor Thomas Kennedy, union secretary-treasurer; Martin Brennan, president of District 9, and Vice President Philip Murray.

President John L. Lewis, who headed the union delegation throughout the conference, was not present.

NEW GERMAN ZEPPELIN EN ROUTE TO AMERICA

Continued From First Page.

squator to South America. Now, on the new Hindenburg, an observer of German flight and witness to establishing commercial air transport between Europe and the United States.

51 Passengers.

With 51 passengers, including nine women besides myself, and a crew of 56, much mail and some freight, the Hindenburg was drawn out from her great hangar shortly after 9 p. m. (3 p. m., Atlantic time), and at 9:30 had begun her flight to America.

The flight began with a long stretch of literally floating on air again, and all memories were stirred of the more than 50,000 miles that I have traveled in Zeppelins.

A special plane from Frankfurt landed shortly before the takeoff with the last sacks of mail. All eager to board on his planned flight over the turbulent Atlantic and blizzard path in modern transocean transport, the big ship rose with alacrity to Captain Ernst Lehmann's command of "up ship."

Dr. Hugo Eckener, who is again the guiding spirit behind this historic craft, stood in the doorway under the great air liner beside Capt. Lehmann. Passengers walked along the promenade and looked down from the large observation windows, some of which had been opened. To an old Zeppelin veteran, it was both amusing and interesting to watch the reactions of the passengers who were, for the first time, in an airship and to hear their exclamations of astonishment and delight.

"It seems like flying on the air, you don't really feel any motion," remarked one. "You have no sense of insecurity." "It's so different from

flying in a plane" was heard from others.

I want to wait until tomorrow before I make up my mind whether I like the bigger Hindenburg more than the Graf Zeppelin.

All the women passengers have different ideas about suitable wardrobes for travel. I found a dining room, a large lounge and a promenade. Mrs. Charteris, who came all the way from Bermuda to take this flight, told me she had only the costume she was wearing and a small suitcase. The vivacious French woman journalist, Madame Tatiens, said she had a small suitcase and a trunk. Miss M. Brooke, London fashion expert, said she believed what she had heard about the luxury of the Hindenburg, she had brought along a dinner dress and a dance dress.

Max Pruss is the first officer of the Hindenburg. Dr. Sargent, the second officer, and Knut Eckener, third officer, who came all the way from Bermuda to take this flight, told me she had only the costume she was wearing and a small suitcase. The vivacious French woman journalist, Madame Tatiens, said she had a small suitcase and a trunk. Miss M. Brooke, London fashion expert, said she believed what she had heard about the luxury of the Hindenburg, she had brought along a dinner dress and a dance dress.

The house bill would levy a flat rate of 15 per cent on companies in receivership, but Sargent said this did not help them after they reorganized and started off again under their own power.

He cited his own road as an example. He said it was now in trusteeship and must file a reorganization plan by June 27. With the upward trend in rail revenues, he said, he felt a sound reorganization plan could be worked out.

But he said that after reorganization, it would be bad policy for the company to pay any dividends until it had built up its earnings. This will not be the case, he said, until the house bill is passed.

HUGE CHURCH MERGER IS SEEN BY REV. HOLT

Unification of All Protestant Groups Forecast at Methodist Meet.

COLUMBUS, Ohio, May 6.—Opinion that unification of the three branches of Methodism would be an initial step toward eventual union of all Protestant churches was expressed today by the Rev. Ivan Lee Holt, of St. Louis, president of the Federal Council of Churches of Christ in America.

Rev. Holt told delegates to the Methodist Episcopal conference who approved Methodist unification Monday that "it is only the beginning of a process."

"Some of the leaders see in the distant future a great Protestant church, such as was formed in Canada," he said. "Even beyond the united Protestantism may come a united Christianity, a union of all Protestant faiths with the great Catholic church."

One Protestant Church.

Mr. Holt said that with unification of the Methodist churches approved the "dream we have all had of one great Protestant church comes closer to realization."

"I rejoice in the action you took with reference to unification, but I hope there is not a person in the conference who thinks this is an end in itself," he said. "It is merely the beginning of a process, and I am hoping that when that uniting conference comes together (to form the united Methodist church) one of the things done will be the creation of a commission to work for a still larger Protestant union."

"We can never be satisfied, and we can certainly never meet the evils of our contemporary life as long as we are separated after the present manner."

Ella Too Great.

The federation president said "we have come to a time when the evils in this world are too great for any sort of a divided church."

If you want an illustration of what a united church can do just remember when you, like other denominations, preached against the evils of alcohol, and how it worked," he said. "But when the Roman Catholic church decided it was time for reformation the reformation in motion pictures came."

Mr. Holt told the conference five international groups were already at work with the aim of uniting all Christian groups as their goal. They are the world conference on faith and order, the world conference on life and work, the World Alliance for International Friendship, the International Missionary Council, and the International Christian Student Federation.

EMORY MELODRAMMA

Players Will Present "The Racket" Tonight.

Attempting to show the workings of gangsters and their affiliation with city politics and police officials, the Emory University Players will present "The Racket," Bartlett Cormack's melodrama of crime and crooked politics, at 8:30 o'clock tonight in Glenn Memorial church.

Banned in Chicago and Philadelphia after a five-month run on Broadway, the play shows how the underworld can gain control of the police department of an average American city and from this vantage point control the entire town.

Although many new actors have been recruited from the student body, the play is unusual in the number of stars of renown. Player productions taking roles tonight. Led by Sam Shriver, the veteran cast includes George Downing, Ed Pendleton, Joe Crawley, Gaty Workman, Christy Harp and Paul Goodman. Newcomers are Sam Hopkins, Hugh Embry, Jack Boyle, Louis Shelburne, Gene Jessup, Ed Gazette, Ed Goddard and David Pindar.

Special sound effects, to provide the scream of tires and sub-machine guns off stage, have been provided. The police station will be completely equipped even to a teletype machine.

JULIUS WADE FUNERAL WILL BE HELD TODAY

Funeral services for Julius Wade, 19, of Stone Mountain, who died Tuesday afternoon at Emory University hospital as the result of injuries suffered Tuesday morning in an automobile crash on the Stone Mountain highway, will be held at 2 o'clock this afternoon at the Stone Mountain Baptist church. The Rev. Paul Saylor officiates and burial will be in the Stone Mountain cemetery.

Wade suffered a broken back and other injuries when the car in which he was a passenger crashed head-on with another car on the highway near South Decatur.

He is survived by his parents, Mr. and Mrs. Paul Wade, two sisters, Miss Ollie Mae Wade and Miss Mgr. Belle Wade, and his grandfather, Sam Godard.

DOUGLAS YOUTH NAMED EMORY DEBATE LEADER

Alfred Jenkins, of Douglas, has been appointed varsity debate manager of Emory University, it was announced yesterday by Professor Nolan A. Goodyear, faculty advisor of the intercollegiate debate council.

Jenkins has been prominent in Emory debating, serving as assistant debate manager during the year, in addition to taking part in debates with visiting schools. He spoke on the seven school symposium at Brenau and as a freshman took several trips with the team.

WILLIAM PARRIS, 77, PASSES AT RESIDENCE

William Parris, 77, died yesterday morning at the residence, 486 Payne avenue, following a short illness.

He is survived by four sons, H. N. A. N. and A. B. Parris, of Anniston, Ala., and Z. N. Parris, of Dallas, Ga.; two daughters, Mrs. H. F. Pylant and Mrs. J. W. Wilson, of Atlanta; one sister, Mrs. Lula Parris, of Dallas. Services will be held this morning at the English Avenue Methodist church and burial will be in Dallas.

PEACE DOVE FLUTTERS HIGHER

The utterance of Premier Mussolini incident to Italy's celebration of the occupation of Addis Ababa gives promise that Europe may soon emerge from the tenebrous of the situation arising from the Ethiopian affair—provided that Great Britain and France will accept the subjugation of Ethiopia as a fait accompli, without attempting to deny to Italy the fruits of her victory.

Whether or not Britain and France will accept the situation remains to be seen. If they do, European peace is in sight—if not, trouble is ahead.

The war is now over and if Europe accepts the Italian domination of Ethiopia as an established fact, the threats of the past year to world peace will gradually disappear.

Ethiopia has been the powder keg that for many months has threatened an explosion which might have involved all Europe. With the collapse of the Ethiopian defense there remains nothing to be done that cannot be amicably adjusted through diplomatic channels.

Great Britain can contribute more to the assurance of peace than any other country. France will accept the conquest of Ethiopia and make no further protest, unless induced to do so by England.

The way to this end is smoothed for Great Britain by the definitely friendly and co-operative tone of Premier Mussolini's address. Speaking to the entire Italian people, he denied that Italy has now, or has had, any desire to harm British interests, coupling this assurance with the direct statement that "Italy has not the least or remotest hankering after Egypt nor any political interests in the Sudan nor Palestine."

Britain will accept the friendly overture by Mussolini, there should be no difficulty in securing a binding pledge from Italy that the headwaters of the Blue Nile in Lake Tana will be safeguarded. Mussolini has stated repeatedly that this British interest would be protected and it should not now be difficult, through diplomatic negotiations, to remove once and for all time, this source of friction between the two nations.

So the shadow of war on the European horizon has rapidly disappeared during the past few days. The coming of a new era of peace depends upon whether or not Europe will accept the Italian conquest of Ethiopia as the end of a strain that has wrought jittery nerves and widespread suspicion in every chancery on the continent.

If the status quo is not accepted and there is an effort on the part of the major nations of Europe to deny to Italy the fruits of her victory, serious complications may ensue.

Fortunately, it appears that these nations are of a mind to accept the Ethiopian conquest as a fait accompli and to seek new understandings that will act as safeguards of world peace.

THE BEST INVESTMENT

The cheapness and plentiness of money at this time emphasizes the advantage of investment in real estate, particularly in home ownership.

Never before have interest rates been so low and seldom has the supply of money for sound investment been as large as it is now. At the present abnormally low prices of real estate there is no better form of investment.

The combination of low interest rates and low realty values creates an unprecedented opportunity for profitable investment through building and buying at this time.

In Atlanta there is a steadily growing scarcity of homes of every type, from the modest bungalow to the more elaborate home. As a re-

sult, prices are already beginning to go up and the investor who buys or builds now will receive the benefit of this climbing market.

It is easily possible now to finance either the building or the purchase of a home and pay for it in installments but little higher than would have to be paid in rent for a similar house or for an apartment of equal convenience. The difference is that while those who rent get no permanent return from the amount they pay out monthly for shelter, those who build or buy are investing a considerable part of their monthly payments through the amount directed to the reduction of the principal of their loan.

If ever there was a time when those families who want a home of their own could profitably invest in one, that time is now.

FELLOWSHIP FOR AUTHORS

In order that a group of worthy but unrecognized authors may have each a deserved financial return from their labors which they might otherwise fail to receive, the Book-of-the-Month Club has announced an annual series of fellowship awards to authors.

The object of the fellowship is "to encourage and also to assist in an economic way, a certain few authors each year who give clear indication of more than ordinary talent, but who as yet have received no adequate recognition, as measured by sales of their published books, from the general reading public."

Rev. Louie D. Newton.

The pastor of the Druid Hills Baptist church, Dr. Louie D. Newton, has done me the great honor of inviting me to speak in his church some Sunday evening in the course of the coming month. I will be in Atlanta on my way to a tour in the United States on a lecture tour. The invitation is accepted. It will be the first time in my life that I will have the privilege of addressing Baptist fellow Christians. They are as dear to me as all the others. Dr. Newton is an old friend, whom I secretly admired, and whose warm, genial, and wondrously energetic and cosmopolitan spirit and interest which he displayed in such moments of a new type of Christian pastor, a man living with the people and sharing their every turn of weal or woe. Had I had such an opportunity earlier, I would have laid down the surplus and stole of the Anglican diaconate and left the incumbency of the Church of the Ascension in Toronto, Canada. It will be a pleasure to meet Dr. Newton again and to discuss the law and the prophets and other things with him.

"Where Is Moseley?"

Seeing that I am now definitely booked for Atlanta, I want to find out where my old friend Moseley is hiding out. He does not mean Sir Oswald, the chief of the blackshirts in England. He is no friend of mine and I know where to find him. But the general expert on civic and state affairs has been doing more space in the Constitution on politics than any other man I know. Last seen, Mr. Moseley was presiding with his accustomed dignity in one of the downtown hotels. Many set-to we had in the wee hours of the morning in the old newsroom, and many an assignment was filled together. Moseley had a soft, kindly, round face for a特征 in those days and I remember him arguing music and war with Marcel Dupre, the great organist, and later with Papa Cone, the father of the formula, "everday die in everey way." Incidentally, some congressmen have been criticizing G-men for shooting first. That is supposed to be why Hoover went to such pains personally to get Karpis at New Orleans without mussing his hair.

EFFECTS

Results of the Italian conquest, as foreseen by official prophets here, are: Relief of the United States to recognize the territory conquered by Mussolini, withdrawal of sanctions by European nations, either openly or otherwise; unrest among the blacks and Indians now governed by Britain and other colonial powers, and further weakening of the League of Nations.

G-POLITICS

J. Edgar Hoover was asked recently whom he considered to be public enemy No. 1. Hoover, who has been having trouble trying to get funds for his G-men from congress, replied: "Old Man Politics."

Incidentally, some congressmen have been criticizing G-men for shooting first. That is supposed to be why Hoover went to such pains personally to get Karpis at New Orleans without mussing his hair.

BY RALPH T. JONES.

I went to sea on a sailing ship,
At mercy of wave and tide;
And I laughed to watch the waters
Slip Along the sleek gray side.

Harping Again

And the wind blew wild on a storm
dark night,
And the tall spars creaked and
moaned,

And the lightning played like a
fateful sprite,
And the good ship's timbers
groaned.

And out beyond the forepeak's end
I saw an awesome sight,
Twas a pirate, dead, my gods
forfend,

A'swinging in the night.

Upon his brow was the mark of
Cain—

Yet I thought I saw him grin—
Upon his breast was a crimson
stain,

Less red than the brand of sin.

I closed my eyes and spoke a
prayer.

As my heart turned cold with
fear—

When again I looked he wasn't
there,

And the lookout cried: "All's
clear!"

Driving home the other night, out
of Peachtree and Ponce de Leon, some nut in a ram-
shackle old car cut around from the
rear, dashed into an opening which
wouldn't have been wide enough if
several of the rest of us hadn't been
quite good drivers, and we'd have been
in a smash-up, and out of traffic
at an absurd speed with complete
abandon and utter disregard for safe-

Then a couple of blue clad fellows
on motorcycles also came from behind,
quickly made the wild autoist
to turn in the curb and when I pass-

SNAKE-SLAYING DUO INDICTED FOR MURDER

**Sailor Recites Sordid Tale,
But Husband Keeps
Silent.**

LOS ANGELES, May 6.—(R)—The rattemanlike death plot which ended in the drowning of Robert S. James' fifth wife caused the county grand jury to return first degree murder indictments today against James, a banker, and Charles H. (Chuck) Hope, former sailor.

District Attorney Buron Fitts said he considered the gallows a fitting place for both.

A sordid insurance plot consumed the story. Hope repeated before the grand jury: He and Mrs. Mary James, James was killed so he and his husband might collect \$21,400 insurance.

Hope's story was that he purchased rattlesnakes, at the instance of James, as instruments of death. He told the jurors he assisted James in putting Mrs. James' body in a fish pond after James had drowned her in a bathtub.

Before this, the former sailor said, the victim was drugged and trussed to table and her leg thrust into a box of hissing snakes.

James was reported to have maintained the silence during the grand jury session, but attorney imposed upon him several days on the ground he had "talked too much already."

Previously he accused Hope of drowning Mrs. James.

OCILLA A. M. E. CHURCH HEARS REV. PEPPERS

OCILLA, Ga., May 6.—Rev. J. C. Peppers, formerly of Atlanta, preached two sermons Sunday at his new pasture, Mount Olive A. M. E. church here. The sacrament was served to 100 communicants. The morning sermon was preceded by a Sunday school session, and followed by a league service in the afternoon.

Rev. Peppers is a graduate of Gammon Theological Seminary, Atlanta, and was the former pastor of Murray chapel, Sparta, Tenn. He succeeds Rev. H. W. Grant, recently appointed presiding elder of Moultrie district of the A. M. E. church.

LET KIDNEYS FLUSH OUT 3 LBS. A DAY

Clean Out 15 Miles of Kidney Tubes

Nature put over 15 miles of tiny tubes and filters in your kidneys to strain the waste matter out of the blood. Kidneys should pass 3 pints a day and get rid of more than 3 pounds of waste matter.

When the passing of water is scanty, with smarting and burning, the 15 miles of kidney tubes may need flushing out. This danger signal may be the beginning of nagging backache, leg pains, loss of pep and energy, getting up nights, swelling, puffiness under the eyes, headaches and dizziness.

If kidneys don't empty 3 pints a day and get rid of more than 3 pounds of waste matter, your body may be taking some of these poisons causing serious trouble. Don't wait! Ask your druggist for Dr. Doan's Pills. which have been used successfully by millions of people for over 40 years. They give happy relief and help the kidneys to flush out 3 pounds a day. Insist on Dr. Doan's Pills.

Black-Draught Good Laxative

Black-Draught has been kept on hand for all the family in the home of Mr. W. A. Lemons, of Independence, Va., since twenty years ago. Mr. Lemons writes that he takes it as a laxative in cases of "headache, dull tired feeling, biliousness."

"And I take it if I feel uncomfortable after a heavy meal," he adds. "I especially use it for sick headache. It certainly is good."

When a man says "Black-Draught is good," it is probably because he remembers the prompt, refreshing relief it brought to his constipation troubles. It is a simple herb laxative, natural in composition and active.

Two Motor Executives Pay Visit to Atlanta

YOUNG AIRMAN CLAIMS NEW DISTANCE RECORD

New Jersey Flyer Completes 2,000-Mile Hop in 19 Hours, 5 Minutes.

COLUMBUS, Ohio, May 6.—(R)—A 22-year-old flier who said he was interested in planes—the average guy—had over skidded to belly landing at Port Columbus late today to claim a new distance record for non-stop flights in small ships.

The flyer, Bob Buck, of Westfield, N. J., estimated he had flown more than 2,000 miles from Burbank, Cal., where he and his cousin, Lee Belingrath, took off at 7:30 p. m. (Atlanta time yesterday).

The distance record for ships of the same type as his 90-horsepower monoplane was set in 1930 by a French team that traversed 1,809 miles.

"We made it O. K. and I'm certain we have a new record," said Buck. "I'll send my instruments to Washington to be checked."

He dropped his landing gear after taking off from Burbank but came down safely here 19 hours and 5 minutes later.

"We came down slick as a whistle. I never tried landing without wheels before," Buck declared, "but I thought I'd see what happened. We stopped with a bump and it threw things around quite a bit, but everything's fine."

Buck said he flew without mechanical aids since his compass "went haywire" over Albuquerque last night.

MRS. D. L. ST. JOHN TO BE BURIED TODAY

Funeral services for Mrs. D. L. St. John, who died Tuesday night of a bullet wound in her right temple, will be held at 2 o'clock this afternoon at the chapel of J. Austin Dillon, with Dr. John Brandon Peters officiating. Burial will be in Crown Hill cemetery.

According to police, Mrs. St. John fired the bullet into her head about 11:30 o'clock Tuesday night in front of her home, 1010 Cleburne avenue.

Mrs. St. John was the wife of the author of "The Constitution of the Constitu-

DEMONSTRATION GIVEN BY JUNIOR LEAGUERS

Orange Group Display Placement of Volunteer Workers.

RICHMOND, Va., May 6.—(R)—Junior Leaguers attending the sixteenth annual conference were given a visual demonstration of their placement of volunteer workers can be accomplished most efficiently.

The demonstration, directed by Mrs. R. Minor Osborne, followed group discussion on organization and administration and a luncheon at which Miss Virginia Howlett, department secretary, made the address.

Drives for relief groups were held tonight at private homes.

The delegates will go to Williamsburg tomorrow morning for a meeting on the league magazine, with Mrs. Peter L. Harvie, Association of Junior Leagues of America secretary, and Mrs. James M. Farr III, magazine editor, as addresses.

John Stewart Bryan, president of William and Mary College, and Vernon Geddy, assistant to the president of Colonial Williamsburg, will address the visitors before they begin a tour of the restored colonial capital.

Questions of policy will be decided by officers elected and the conference city for 1937 chosen Friday.

More Jobs Being Offered Students Leaving State Colleges This Year

College graduates in Georgia and most other states of the Union will find decidedly more jobs available than the class of 1935, if the predictions yesterday of university presidents and registrars throughout the state and the answers of others in a nationwide survey are true barometers of employment possibilities.

Of 35 colleges and universities queried at random, all but two reported that prospects were better than they have been in depression years.

Forecasts of college officials in Georgia ranged from a conservative "somewhat better this year" to "jobs for 95 per cent of graduates who want placement."

Business Demands.

Increased demands for new talent were noted especially in the business and industrial fields. Engineering and physical students were being placed ahead of graduation by the week.

A \$12,000-a-year oil company job in China went begging at the University of Wisconsin because the seniors expected to find positions in the United States.

An optimistic note for University of Georgia seniors was sounded by Mrs. Mary B. Bonham, who said approximately 500 graduates "have less to worry about in getting jobs than any of those in the five preceding classes."

Georgia Tech's president, Dr. M. L. Brittain, said employment possibilities are "somewhat better this year."

Dr. Hiram W. Coop, president of Emory University, said:

"We are placing many students, the best year since 1932 and that 57 per cent of the approximately 80 graduates have their future plans in good shape."

Hill Turner, of Vanderbilt, said "prospects are a lot better than last year."

More large corporations have sent representatives to interview men at Washington and Lee University in the past four years, according to Dean Robert H. Tucker.

CREDIT REPORTERS FINED IN CONTEMPT

6 Firms and 5 Persons Admit Monopolistic Practices.

ST. LOUIS, May 6.—(AP)—The National Retail Credit Association, the National Consumer Credit Reporting Corporation, four credit reporting bureaus and five individuals pleaded guilty today to criminal contempt of an anti-trust injunction issued by United States District Judge Charles B. Davis in 1933.

Judge Davis imposed fines totaling \$4,000 against the firms.

The Retail Credit Association, the Credit Reporting Corporation and its manager, Guy H. Huise, \$1,000 each; the Springfield (Ohio) Retail Credit Bureau, \$150, and its manager, E. De Witt, \$100; the Merchants' Credit Association of Mobile, Ala., \$150, and its manager, W. J. Jernigan, \$100; the Merchants' Co-operative Association of Wheeling, W. Va., \$150, and its manager, Frank B. Speidel, \$100.

The defendants were charged with engaging in monopolistic trade practices prohibited by Judge Davis when he signed a consent decree terminating an anti-trust action against the Retail Credit Association and its members, including most of the local retail credit reporting agencies in the country.

The government charged the association and its members, in violation of the injunction, had arranged exclusive territories and had refused to deal with non-member agencies.

FAIROUK RETURNS TO EGYPT'S CAPITAL

New Sovereign To Take Throne, Succeeding Late Fuad.

ALEXANDRIA, May 6.—(AP)—Egypt's new sovereign, 16-year-old King Farouk, came to his native land today for the first time as monarch, arriving in Alexandria en route from London to Cairo.

All British warships in the harbor were decorated with flags of honor and thousands of cheering Egyptians lined the streets as the king disembarked from the British vessel, escorted by sailors and destroyers, which brought him across the Mediterranean. The former crown prince, who was proclaimed king after the death last week of his father, Fuad, was pale but smiling bravely. He saluted to right and left, acknowledging the cheers as he passed from the dock to the railway station where he entrained for the capital, there to take the throne.

Farouk reached Cairo at 12:35 p.m. and was greeted by a tumultuous ovation.

Student Strike Ends At Louisiana Normal

NATCHITOCHES, La., May 6.—(AP)—With the threat of a students strike dispelled, school sessions continued in the customary manner at Louisiana State Normal College today.

Thirty-four suspended students, entered in classes as the result of a strike suspending certain college rules, will be permitted to resume their studies on Friday.

All other members of the student body, except those under suspension, were in their classes this morning.

Cochrane Prather announced the suspended students would be reinstated following a meeting held in the girls' gymnasium.

The strike started when the group of students were suspended for allegedly beating the night watchman, A. B. Brown, when he tried to break up a demonstration the students were staging against college rules. Among other prohibitions, the students were objecting to a college rule that requires all coeds to be in their dormitories by 10:45 p. m.

Two Prize-Winning Exhibits in Rose Show at Biltmore Thought of Leaving Fourth Corps Is Scorned by General Moseley

Major General George Van Horn Moseley returned to Atlanta yesterday with fire in his eye.

Newspapers had carried Associated Press dispatches mentioning the general as a possible new commander of the sixth army corps area, with headquarters in Chicago.

"We also have a stability here which will mean much in the solving of Uncle Sam's problems," he said.

Then pride stepped out into his words. A proud army officer was talking of him men.

"All we have more R. O. T. C. than any other corps area in the United States, it is very gratifying that not one left his classroom or took his mind off the ball and I have so informed the War Department.

Imagine talking to the bosses that way!

"In many respects" he continued, getting serious, "this corps area is the most important in the army, especially in its size and in the importance of its military activities."

EPISCOPAL SESSION OPENS IN AMERICUS

**Rev. Barnwell, of Savannah,
Presides at 114th Annual
Convention.**

AMERICUS, Ga., May 6.—(P) The Episcopal diocese of Georgia convened in 114th annual session here today for a two-day meeting.

The Rt. Rev. Middleton Barnwell, of Savannah, bishop coadjutor, presided. There were more than 125

clerical and lay delegates in attendance.

Calvary Episcopal church, of which the Rev. James B. Lawrence is rector, is host to the convention.

The executive council of the diocese met at the Calvary parish house yesterday with Bishop Barnwell presiding to outline the program for the convention.

The first official session of the convention met at the parish house this morning. After this meeting, Holy communion was celebrated, Bishop Barnwell officiating.

The women's auxiliary of the diocese is holding its meeting here today.

The Rt. Rev. F. F. Bratton, who has retired from active direction of the diocese, was unable to attend, due to his health, but sent a message to the convention.

NEW YORK SPOT COTTON

NEW YORK, May 6.—Spot cotton closed steady, middling 1 point up at 11.65.

ATLANTA SPOT COTTON

Atlanta spot cotton closed, middling unchanged, at 12.00.

AVERRAGE PRICE

NEW ORLEANS, May 6.—(AP)—The average price of middling cotton today at 10 southern spot markets was 11.46 cents a pound.

NEW ORLEANS, April 6.—(AP)—The cotton market made a little progress in the upward trend, gaining from 3 to 10 points in quiet dealing.

Foreign buying, a decrease in hedge selling and the tight situation in near contracts at present were responsible for the advance.

The gains were scored in the face of a bearish weather report and other developments that warranted a change rather than an advance.

Prices were higher from start to finish, ending at the best levels of the day as May closed at 11.47, July at 11.09, October at 10.23 and January at 10.25. In the spot market middling at New Orleans gained 9 points to 11.49.

Cables were a little better, despite the advance in the Bank of France discounts on cotton and the heavy shipments of gold out of France.

While buying operations were limited the market had a small amount of contracts and purchasers were forced to bid cotton up to fill commitments.

July, in making the best gain, was said to be the object of attention on the part of speculative interests who expect the option to work closer to the end. States' total cotton, total export tonnage since April 24 to \$96,500,000 with \$13,551,900 arriving at the port of New York today.

Another private acreage estimate mentioning a figure slightly under 30,000,000 acres was released yesterday.

Port receipts 5,565; week 25,487; season 46,506; last season 4,251,909; exports 4,004; week 1,992; season 5,203,265; last season 3,625. Port stocks 1,792,853. Stocks on shipboard at New Orleans, Galveston and Houston were 53,383; last season 45,043. Spot sales at southern markets were 20,539; last year 1,159.

N.Y. COTTON GAINS IN QUIET TRADING

NEW YORK, May 6.—(AP)—Cotton was quiet today with prices holding within a narrow range.

July was relatively firm, selling up to 11.65, closing at the figure, or 7 points net higher. Some shipments showed net gains of 1 to 2 points with the final tone steady.

Trade interests were buyers of near months and there was a scattering demand for later deliveries from abroad, although the foreign demand was less active than yesterday. Some scattered hedging and realizing was encountered but offerings generally were light.

Exports today 11,769, making a total of 5,468,917 for the season. Port receipts 5,565. United States Port stocks 1,794,238.

NEW YORK, May 6.—(P)—All departments of the bond market kept a firm grip on recovery today with outstanding strength in rail and utility issues the central feature.

In addition to a better demand for speculative bonds, in which groups the bond buying was made, brokers reported almost certain cessation of the scattered offerings, principally from small investors, which kept the market unsettled for two weeks.

A better stock market and decidedly brighter European influences were among other constructive factors at work.

Corporate issues gained 1 to 3 points included International Telephone, \$5 at \$5, the convertible 4 1/2s at 91 1/2; Allegheny 5s at 93, American & Foreign Power 5s at 74, at 72 1/2; Illinois 4s at 94, at 94 1/2; and New York Central 5s at 91 1/2.

While the government department maintained a steady tone, buyers and sellers were so close together in price advanced from 32nd to 33rd, 6s advanced from 32nd to 32nd, lower and four were unchanged.

Rallies of 1 to 2 points in the Italian issues following conclusion of the Ethiopian war and the conciliatory speech of Mussolini to the foreign department. The government 7s equalized the year's high at 75, up 2 1/2 points. French 7 1/2s dropped more than 6 points on light volume but two other French government loans were about steady as the Bank of France boosted its discount rate to 6 per cent.

The Associated Press averages ranged from an advance of .4 of a point in the rails to a loss of .2 of a point in the foreign group.

Transfers of \$10,000,000 a day, compared with \$9,500,000 the day before. Sales of government bonds totalled \$810,000 against \$550,000 on Tuesday.

**\$600,000 BIDS ASKED
ON COLLEGE BUILDINGS**

**Board of University Regents
To Award Contracts for
Many Projects.**

Bids for the construction of approximately \$600,000 in buildings at Georgia colleges were called for yesterday by the board of regents of the University System, the work to be paid for by the state and the Public Works Administration.

The regents said, in the notice to contractors, that all necessary funds are available for the construction of the buildings.

The projects, together with the dates, places and time of opening bids, are as follows:

Boys dormitory, girls' dormitory and agricultural education building at the Georgia, Georgia, bids to be opened June 5 in the office of the president Caldwell at Athens, at 12 noon, eastern standard time.

Dormitories at Abraham Baldwin Agricultural College, Tifton, and Georgia Southwestern College at Americus, bids to be opened June 4 at the office of the president of the Tifton institution at 12 noon, eastern standard time.

Dormitories at the Georgia State Women's College, Valdosta, bids to be opened May 18 at 3 p. m., eastern standard time, at the office of the president; at South Georgia Teachers' College, Statesboro, bids to be opened June 5 in the office of the president, at 9 a. m., eastern standard time, at the office of the president.

Dormitories at the North Georgia College, Dahlonega; West Georgia College, Carrollton, and State Teachers College, Forsyth, bids to be opened June 1 at the office of the board of regents at the state capital.

**COUPLE OBSERVES
50TH ANNIVERSARY**

**Mr. and Mrs. L. V. Kennerly
Are Honor Guests at
Surprise Banquet.**

Mr. and Mrs. L. V. Kennerly, of 760 Woodstock Avenue, S. E., widely known residents of Ormewood Park, observed their golden wedding anniversary Tuesday and that night were honor guests at a surprise banquet given in a downtown tea room.

The banquet was given as a member of the Western Masonic and the Martin Brown Memorial Methodist church, where both Mrs. Kennerly and her husband are prominently identified.

Mrs. Kennerly has been the teacher of the class for 28 years. Her husband is a former steward of the church and a present trustee.

They were married May 5, 1886, at Ponton, S. C., by the late Rev. L. S. Guerry, then rector of an Episcopal church there. Before her marriage, Mrs. Kennerly was Sally Marshall, of Charleston, S. C., who moved to Sunnyside, S. C., shortly after their marriage, but in 1905 moved to Atlanta, where they have lived since.

Mrs. Kennerly is associated with a railway company and is widely known by men in his field throughout the state.

**PEACHTREE PROPERTY
LEASED FOR \$120,000**

Two leases on property at Peachtree street and the northeast corner of Auburn avenue, with aggregate rentals totaling approximately \$120,000, were announced yesterday by E. A. Erwin, vice president of the Draper-Owens Company, landlords.

The Regal Shoe Company leased the corner unit of the property, at 73 Peachtree street, and the National Shirt Shop made a new contract for the space at 75 Peachtree. Each lease is for about 10 years and will become effective September 1. The lessor was the Horine Holding Com-

pany of Miami, Fla.

Leases are based on a percentage of sales, with a minimum guaranteed rental aggregating \$120,000 for the 10-year period, it was said.

12 Poisonous Snakes in Hotel Room Are Corralled by Egyptian Charmer

MONTREAL, May 6.—(UP)—Florete Zoda, an Egyptian snake charmer, walked into a room filled with 12 ravenous, poisonous reptiles today and, one by one, put them back into their cages.

Her courage ended a panic that started when an adder bit Edward E. Smith, owner of a Schriever, La., farm who had been starting the reptiles to make fighters out of them.

Smith, left arm amputated below the elbow, was blind and unconscious in a hospital tonight. He will die unless the adder's venom coursing through his veins dissipates before it reaches the heart.

Smith had king cobras, rattlers and adders in his collection. He had always insisted that he was immune to snake bites and had been known to open his arteries and add his blood to the snakes. Last night he was treating an adder for an ailment when the snake struck his left forearm. He rushed to a drug store and from there was hurried to a hospital where surgery quickly followed.

Then Smith went into a coma and his eyesight failed. Strangely, he was in no pain as he fought for life tonight: the adder's venom acted as a general anesthetic.

Policemen at once knew how to meet the menace, called in Miss Zoda, friend of Smith. They asked her to go into the room and exercise whatever power she had over the reptiles. Cautionily Miss Zoda pushed open the door in the room at the Al-

apparently was restored throughout
the capital.

Fighting continued in legation dis-
tricts, however, last night long after
the Italian advance guard entered
town. At midnight bandits attacked
the French legation with machine
guns, wounding three foreigners.

Ethiopians said the natives asked his
followers who had left behind to
pillage the city rather than to leave
for the Italians.

Italian troops were posted to guard
against any possible surprise attack.

CONDITIONS RESTORED

WASHINGTON, May 6.—(UP)—

Apparently normal conditions had been
restored today for the handful of
American diplomats and sailors who
had been held captive for a day.

Marshal Pietro Badoglio, command-
er-in-chief of the triumphant armies,

in a statement to foreign newspaper-

men said the labors of peace would be
quite as arduous as those required
for war.

The Italians were confronted with a
tremendous task in cleaning up the
ransacked capital. The sanitary corps
pitched in to clear the streets
bodies already becoming a pestilential
menace.

BODIES BLOCK STREETS

Italians had used the bodies for bar-
riers. Trucks and armored cars
going down the street past the church of
St. George had to stop while bodies
were moved out of their way.

Such shops as had not been burned
were boarded up and placed under
guard. Detachments also patrolled
legation legations and residential dis-
tricts.

Giuseppe Bottai, former governor of
Rome, who was appointed civil gov-
ernor of Addis Ababa by Marshal
Badoglio, immediately took charge of
the capital's civil administration. In
Addis, Ababa, died last night in
the British legation, his relatives were
informed officially today.

Dr. Melly was shot in the lungs
Sunday afternoon while dragging
wounded in from the streets.

BRITISH DOCTOR KILLED IN RIOTS

LONDON, May 6.—(UP)—Dr. A. J.
Melly, leader of the British ambu-
lance unit in Ethiopia, who was
responsible for saving native rioters
in Addis, Ababa, died last night in
the British legation, his relatives were
informed officially today.

Efforts were made to obtain milk
for the children wounded in the
French legation. Three babies were
born there during the siege.

AIRPORT PROPOSED

WASHINGTON, May 6.—(UP)—The
federal government would finance 11
acres of Little Rock, Ark., for airport
purposes under a provision adopted by

the house today in accepting a con-
ference report on the military ap-
propriations bill.

and his staff a flagpole was raised in

STARTING CAUSES 3/4 OF YOUR ENGINE'S WEAR

THE INSTANT YOU STEP ON THE STARTER—over 100 metal parts inside your motor start moving. Unless your oil flows quickly—instantly—to all these vital spots, serious wear results!

IT IS EASY TO MAKE A "TOUGH" OIL for high speeds and high heat—or a FAST-FLOWING oil for starting. The problem is to combine BOTH of these important qualities in the same oil.

One Start can cause more engine wear than a 2-mile-a-minute Grind

The new Golden Shell Oil is FAST-FLOWING, yet TOUGH.

It flows instantly in starting—even on the coldest days. Yet under intense motor heat, holds its body and resists breaking down into sludge and carbon!

It is possible for the recommended grade of Golden Shell to do these things for you:

1. Add a year or more to the life of your engine!

2. SAVE you up to 50% of your engine repairs. (Many repairs can cost from \$10 to \$100.)

3. SAVE you a gallon of gasoline in every tankful. (The "drag" of an oil that is too heavy can waste over 5% of your power.)

The new Golden Shell Motor Oil is on sale today at over 30,000 neighborly Shell stations from Coast to Coast.

Golden Shell
THE NEW MOTOR OIL

This new Fast-Flowing Oil
reduces strain of today's
"Stop-and-Go" driving

THE average driver starts his engine 3,500 times a year!

The "strain" of starting is far greater than it was a few years ago. Pistons travel up and down in cylinders twice as fast... separated from the cylinders by only 1/2000—one two-thousandth—of an inch.

The starting period, engineers say, can cause approximately 34 of engine wear.

To meet this new driving problem, Shell engineers have developed a new oil at a cost of more than \$3,000,000.

Mussolini Promises To Respect French, British Rights in Ethiopia

Italy Also Pledges No Militarization of Natives But Stresses '06 Pact on Spheres of Influence Will Not Be Tolerated in Message to French Foreign Office.

JOHNSON RELINQUISHES WELFARE BOARD POST

Continued From First Page.

Ragdale indicated their ideas in line with Longino's on this matter and Almand withdrew his motion.

The matter of paying teachers will be taken up at a later meeting. It was said Johnson made a motion to apply \$50,000 to this purpose to be taken from the \$100,000 Adams proposed to be applied to the County deficit. No vote was taken. Commissioner pointed out that funds of the county are tied up by suits to test the validity of bond loans.

In making his motion concerning the teachers' pay, Johnson said, "I am afraid that if we do not have adequate educational facilities he will be regarded as teachers be paid good salaries. Politics are over for me. I advocate finding \$50,000 for this purpose for the sake of humanity."

Legion Given Land.

It will respect British rights in the Lake Tana area.

3. Italy pledges that there will be no militarization of native Ethiopians.

Conveying Mussolini's decisions to the foreign office, the Italian ambassador said:

"Hereafter Ethiopia is Italian territory. It will be defended by arms against whoever tries to take an inch of it."

Duce revealed through his envoy that there is no possibility of drafting peace terms on the basis of the Anglo-Franco-Italian treaty of 1906 which recognized spheres of influence in Ethiopia but also provided for Ethiopian independence.

Italy will not replace the fugitive Negus Negusti but each of the many Ethiopian tribes will remain autonomous.

There will be no native Ethiopian army. Italian troops will assure adequate policing of the country.

Italian arms in Ethiopia will be limited to the small force necessary to maintain order after the natives have been disarmed.

While France was learning of Ital-

ian aims the French ambassador to Rome visited the Italian foreign office with a demand that Italy respect French rights in Ethiopia.

Mussolini has been warned that France, Great Britain, Russia, the Little Entente and the Balkan Entente will refuse to recognize Ethiopia as an Italian colony because recognition of a policy of conquest by force would establish a dangerous precedent.

The French believe, also, that the United States will refuse to recognize Italy's claim that Ethiopia now is an Italian colony.

DUCE TO DEMAND HANDS OFF BY LEAGUE

ROME, May 6.—(UP)—Italy will

present a rigid program of "Ethiopia for Italy" and as for Geneva, "hands off," at a meeting of the League of Nations council Monday, well-informed sources said tonight.

The program was adopted following Prime Minister Mussolini's declaration yesterday that "Ethiopia is Italian" and the appointment today of Giuseppe Bottai, former governor of Rome, as civil governor of Addis Ababa.

A triumphal celebration in the ancient Roman manner will be Premier Mussolini's tribute to his victorious African armies, informed sources predicted.

A grand regatta representing every wing of the fighting services which conquered Ethiopia is expected to participate on behalf of the entire colonial forces.

It will be brought back from Ethiopia for the occasion and probably will march beneath the arch of Constantine as did the ancient Roman conquerors.

The date generally suggested is June 7, the anniversary of the day Italy received its first constitution from King Charles Albert of Sardinia.

Fascist sources said Italy would refuse to accept ideas expressed in leading French newspapers that Ethiopia is a colony of the League.

That France's special claims must be respected in Ethiopia and that a "moderate solution" would be best internationally.

Moreover, it was hinted strongly that Great Britain and France, who previously had zones of Ethiopian influence, guaranteed them, had lost the guarantee by virtue of their opposition to Italy.

The keynote of editorials here was that Italy in the moment of her victory would not forget the antagonism she faced from European nations while achieving it.

Virginia Gayda, authoritative writer of the *Giornale D'Italia*, who yearns for world rights of other nations would be respected, today claimed ironically:

"As to the hurried affirmations of national claims to Ethiopian territory, it is only to be remembered that all League states excluded with splendid pride every personal interest and put forward the collective and pure cause of international law."

"Already lifted to the rank of judges, they will not want to ask for a part of that which in their eyes would constitute stolen goods."

Saying the treaty of Versailles took from Italy part of the colonial fruits of the World War victory, Gayda warned that Versailles "will not be repeated." He succeeded by saying Britain's and France's initiative at Geneva added to the difficulties and costs of Italy's undertaking and therefore they have no moral right to make last-minute requests.

As fascists continued to celebrate deliriously the occupation of the Ethiopian empire's capital, 20,000 stu-

DETECTIVE ACCUSED IN KIDNAPING CASE

NEW YORK, May 6.—(UP)—District Attorney William F. Geoghan tonight declared Ellis H. Parker Sr., rural New Jersey detective chief, was "certainly one of the kidnappers" of Paul H. Wendel, former Trenton attorney who claims he was tortured into signing a spurious confession he kidnapped the Lindbergh baby.

Geoghan, directing a Brooklyn grand jury investigation of the Wendel affair, said he made this statement on the basis of the story told police by Murray Blefeld, former taxicab driver who surrendered to Brooklyn authorities in Cincinnati last week.

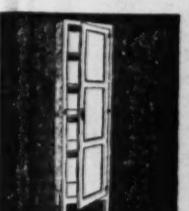

Blefeld, in whose home Wendel was staying, signed a "confession" to the Lindbergh kidnapping, appeared before the grand jury again today but the nature of his testimony was not divulged.

Honeymoon Planned in Kentucky Hills by Future Bride and Groom

By Sally Forth.

HIGH UP in the hills of Kentucky where the sky seems to reflect the hues of the famous blue grass, the future Mr. and Mrs. James Cartathers Lancaster will spend their honeymoon. Sally learned this interesting bit of news when she discovered Marjorie Starr, the bride-to-be, purchasing smart riding togs, swimming suits and other sporty costumes as the major part of her bridal wardrobe.

After their marriage on May 18, Marjorie and her handsome Memphis bridegroom will motor to Owensboro, Ky., thence to the paternal hunting lodge of John Bolger, lifelong friend of Marjorie's father, Charles A. Starr, and an ardent admirer of "Marj," ever since she was a little girl. The lodge is situated on top of one of the high peaks surrounding that part of the Blue Grass state and is alongside the picturesque Indian lake.

Upon arrival at the lodge the newlyweds will find every detail arranged for their comfort and happiness, including servants, a well-stocked pantry, saddle horses and other necessities required for an ideal vacation in the mountains.

Both Marjorie and her fiance are splendid equestrians and they will spend many hours cantering through Kentucky hills and valleys. Another sport in which the bride-elect and Mr. Lancaster excel is swimming. No doubt many dips in Indian lake will be enjoyed by the newlyweds, as well as hikes around the lake's sloping shores and up to the top of nearby peaks. Other sports which this congenial pair will enjoy while honeymooning will be tennis and golf, as Mr. Bolger's links and courts are among the best known in that section.

Before going to Memphis for residence the newlyweds will motor to New York for a week's stay, where friends have planned a whirl of social gayeties in their honor. Mr. Lancaster and his bride will be popular additions to society in Memphis, where both their families have occupied an important social position for generations. They will establish residence in the Parkview apartment hotel, overlooking beautiful Overton park.

THOSE in the audience at a recent amateur theatrical commented on the splendid acting done by the hero and heroine and the most realistic manner in which they played their parts. Sally hears it wasn't all acting, for the gossip among the younger set is that the hero and heroine are really and truly "that way" about each other.

WHEN Mrs. Horace Capron, of Winnetka, Ill., was the recent guest of Mrs. Charlotte Boyd Woolford at her home here, she had much to talk about with Mrs. Robert Davis. A few days before Mrs. Capron came to Atlanta she attended a meeting in the gymnasium of the Roycemore school at Evanston, where her daughter is a pupil. She slipped into a vacant seat by an attractive young woman and they were soon engaged in conversation.

Mrs. Capron said: "How you remind me of friends in the city where I am going to visit. You talk just like they do." The young matron asked Mrs. Capron her destination, and when the latter replied "Atlanta," she smiled and said: "Well, I should talk like they do for that has been my home until very recently." The young matron was Mrs. Allen Albert Jr., the former Emily Davis, and the lovely daughter of Mr. and Mrs. Robert Davis.

Further conversation revealed that Mrs. Albert knew Mrs. Woolford quite well and knew many of the friends whom Mrs. Capron had made on previous visits here. During her recent visit here Mrs. Capron met Mrs. Davis for the first time, but Sally is sure they found much to talk about.

Attends Convention.

Mrs. Margaret Johnson, daughter of Mrs. Thomas Johnson, will represent the Alpha Delta Pi fraternity at the national convention at Del Monte, Cal., beginning June 28. Del Monte is a favorite fashionable gathering place in the west and many delightful social affairs will compliment the visiting delegates. Other Atlanta girls who are members of Alpha Delta Pi are Jane Leake, Ann Littlepage, Edith Logue, Ruth Hale, Harriet Coley, Ruby Steele and Florence Goode.

Miss Aletha Gill Weds Mr. Marks At Home Ceremony

The marriage of Miss Aletha Glenn Gill and Capers Charles Marks took place Tuesday evening at the home of the bride's parents, Mr. and Mrs. H. K. Mitchell, of Gaston street, S. W. The Rev. Dr. A. Oliver, rector of the Central Methodist church, performed the ceremony in the presence of an assemblage of relatives and friends.

The home was beautifully decorated with white roses. The improvised altar was arranged with palms and ferns interspersed with white lilies and flanked on either side by seven-branched candelabra.

The wedding music was rendered by Miss Lelia Watson. The papers were lighted by Master Jack Harwell. Misses Mary Louise and Eugenia Turner, daughters of Mr. and Mrs. Eugene Turner, of Woodbury, and cousins of the bride, sang "At Dawn." Little Miss Betty Harwell acted as flower girl and Miss Sarah Marks, sister of the groom, served as bridesmaid. Eugene W. Mitchell acted as best man.

The bride chose for the occasion a gray traveling suit trimmed in blue for fur with matching accessories and wore a bouquet of lilies of the valley and gardenias.

The groom was given by the bride's parents, assisted by Mrs. Eugene Turner and Mrs. H. S. Warwell. Mrs. Verda Boggs, Misses Eleanor Smith and Jeanne Lange assisted in receiving, while Miss Bobbie Lange kept the bride's book.

Mr. Marks and his bride left for a motor trip through Florida. Upon their return they will make their home at 920 Gaston street, S. W.

The out-of-town guests present were Mr. and Mrs. Eugene Turner and daughter, Eugenia, of Woodbury; Miss Mary Louise Turner, of the Georgia State College for Women at Milledgeville; Mr. and Mrs. Charles H. Nelson Jr., Cincinnati; Mrs. Charles Anderson of Augusta, mother of the groom, and Miss Evelyn Eskew, of Smyrna, Ga.

Mrs. Reilly To Hold Open House Tomorrow.

Mr. William A. Reilly, leader of the junior organizations of Druid Hills Baptist W. M. U., will hold open house at her home, 1126 St. Charles place, for mothers of members of the Y. W. A.'s Intermediate and Junior G. A. R.'s, and Sunbeams on Friday from 4 until 6 o'clock. Two members of each group will assist in entertaining, and members and their mothers are invited.

The Young Matrons' Class of Druid Hills Baptist Sunday school recently held open house in the new classroom in the new Highland house to the church members and friends. An arrangement of garden flowers was used in decoration. The teacher, Mrs. M. J. D. Rhodes, president, Mrs. S. D. Katz, and vice presidents, Madames Guy Hewell and Dan Enna, formed the receiving line. Madames Guy Crawford, Dudley Mize, Raleigh Drennen, J. T. Baker, V. N. Signan and B. A. Alderman presided over the program. Refreshments were passed by Madame Harris, Nita Hewell and Norma Nixon, and Mary Scott, whom kept the guest book.

Bridal Couple Honored.

Mr. and Mrs. Paul V. Ray entertained last evening at a beautifully appointed bungalow at their home on Ponce de Leon place, Atlanta, their daughter, Miss Catherine Ray, and her fiance, Edwin P. Lanford, whose marriage takes place this evening. The house was decorated throughout with ferns and garden flowers, which were presented.

The table was covered with a white cloth and had for its central decoration a plateau of yellow sweetheart roses and fern, encircled by silver candlesticks holding unshaded yellow tapers. Silver compotes were filled with yellow and green fruits. Mrs. T. A. Northern assisted in entertaining the guests, who included members of the wedding party and the out-of-town guests.

Young Matrons Complete Plans For Horse Show

As a fitting compliment to Mrs. Lillian Kennerly, teacher of the Methodist church, members of the class honored her and made a gift to the church in celebration of their fiftieth wedding anniversary. Paul West, a long-time friend of the civic and religious life of the city over a period of many years, and for many years has been prominent at the Martha Brown Memorial church.

Mrs. Kennerly has been instructor of the class for 28 years, and as a token of esteem, Porter McCullough, president of the class, presented her with a cuckoo clock on behalf of the other members. Mrs. Kennerly once taught at the school for 28 years.

The table was artistically decorated with the names of the honor guests given to each guest. Ralph Berry and Miss Doris Mayo rendered vocal selections, and favors were old-fashioned nosegays in gold paper containers for the girls, and stunning wrapped cigarettes for the boys.

Mrs. Kennerly is the widow of the Rev. Dr. LeGrand Gray, rector of St. Paul's Episcopal church in Summerfield, S. C., and bridegroom was Misses Ruth Marshall, Mrs. Ruth Marshall, Mrs. G. H. Barnwell, W. A. Marshall, Mrs. Mary King, and Mrs. Dorothy Peacock.

Those present were Madames W. I. Callaway, Gene Callaway, L. E. McCracken, Jess Akridge, Gordon Gates, Henry Simon, C. N. Meadows, Glen Salmon, M. R. Duncan, Charlie Duncan, L. S. Armistead, Frank Fechter, Frank Presley and Harry Kennerly.

Guests left in the private car of Colonel John B. Peck, general manager, and Colonel J. H. Averill, superintendent of the South Carolina Railroad, the bride and groom being the guests of Colonel Averill and general manager of the railroad.

'YOUR FIGURE, MADAME!'

By IDA JEAN KAIN.

Are you having trouble adding meals or "get by" with a sandwich. It curves? Pounds are so contrary! While they clutter up the reducer's weight scales, they make themselves scarce in the figure program, the underside. Sometimes it is harder to gain one pound a month than it is to lose a pound a week.

If you have tried off and on for years to diet without success, you have no doubt resigned your figure to stringiness. But don't give up until you have followed a dietetic program. Leona Frances Cooper, a leading authority in the field of nutrition and president of the Greater New York Dietetic Association, suggests some practicable measures by which it is possible to gain weight at the rate of a pound a week.

The first step is to plan the menu around the protective foods: milk, eggs, fruits and vegetables. Calories are not the only measuring stick; for underweight may be caused by diet deficient in quality as well as quantity.

The regular use of a health-building breakfast automatically includes a number of these protective elements. A breakfast of fruit juice, whole grain cereal, bread and an egg is balanced in quality and taste.

A few months ago a young man who traces his aristocratic ancestry back to the very beginning of this country was born. His great-great-grandparents removed from the factory room. The groom's friends expected his family to raise a howl about his "marrying down hill" but to everybody's surprise his parents welcomed the bride to their hearts and arms. An intimate friend gave the father an opportunity to explain his delight in the new daughter-in-law. He grasped it and said "My new daughter is healthy, well-educated and ambitious. She grew up in the hard school of poverty, but she now owns the means of a dollar. She is exactly the sort of wife B needs. She will live within his income and make him succeed." All of which is a pretty good recommendation from an in-law.

R. R. LETT PASSES

Brief Illness Fatal to Well-Known Lawyer.

R. Lett, 29, of 216 Lyle street, College Park, well-known Atlanta attorney, died Tuesday night at a private hospital following a brief illness.

Mr. Lett was a graduate of the A. and M. school of Carrollton, of Georgia Tech in the class of 1929, and of the Atlanta Law school, where he was graduated in 1931.

He is a member of the College Park Methodist church, a Deacon, Lodge No. 189, F. & A. M.

He is survived by his wife, a daughter, Miss Wilma Jeanette Lett; his parents, Mr. and Mrs. R. N. Lett, of Fairburn, and three sisters, Mrs. Wade Coan, of Columbia, S. C.; Mrs. J. E. Williams, of Indianapolis, and Miss Wanda, of Louisville. Services will be held at 2 o'clock this afternoon at Spring Hill, with Dr. W. E. Robinson officiating. Burial will be in Greenwood cemetery, with Fairburn Lodge No. 189 in charge.

THROWN OUT OF AUTO, INJURED GIRL BETTER

Knocked unconscious when thrown from an automobile late Tuesday night when she refused to go on a long trip with companions, Miss Ellis Meadows, 18, of 409 Washington street, was reported as practically recovered from her injuries last night at her home.

According to police reports, Miss Meadows was thrown from the machine at the corner of Fulton and Washington streets after her refusal to go on a lengthy trip with another girl and two youths.

Her mother heard her screams and found her unconscious on the pavement. She called police and joined them in a futile search for the car from which her daughter was thrown. The girl was treated at Grady hospital for cuts and bruises and dismissed.

She told police she had drunk some beer with the trio and believed it had been "doped."

To Fete Seniors.

Miss Charlotte Selman, a member of the senior class at the North Avenue Presbytery school, will entertain the seniors at a garden party at the home of her parents, Mr. and Mrs. J. T. Selman, on April 20th. Details will be given Friday afternoon at 5:30 o'clock.

Miss Selman, who is one of the most popular members of the class, will attend Randolph-Macon Woman's College in Lynchburg, Va., next year.

Musical Tea.

Mrs. Roy McCollum will be hostess at a musical tea Saturday afternoon at her home on Alden avenue. The musical program will be in charge of Miss Elizabeth Hope. Refreshments will be given by Misses Grace Hill, Jane Fant, Frances Lewis, Valerie Lide, Katherine Herren, Madames W. A. White and Roy McCollum.

NANCY PAGE

Nancy Learns How to Make Italian Hemstitching.

By FLORENCE La GANKE.

Nancy was visiting and knitting. Her hostess was making a guest towel with a border of Italian hemstitching. She said she enjoyed doing it and had just finished a luncheon set. For this she had used rather heavy round thread linen. It was in the natural color. The hemstitching was done with linen thread of the same color.

Nancy watched the process carefully and then went home to make some hemstitching as a trimming for some of her gift linens.

Then the bottom part of the top row and the top part of the second row are done together. The bottom part of the bottom row is done by itself as was the top part of the top row.

If the hemstitching is used to hold the hem in place, the bottom part of the bottom row will be the hem. Then the hem is caught.

This is prepared by blasting the hem as turned in edge just below the last drawn thread of the bottom row. Then the needle catches both the under part of the basted edge and the top of lines which can be seen clearly that can be followed with ease.

If the picot edge is used the hem is of the narrowest. In the direction sheet the point of the needle is inserted at almost the same point at which it came out. This detail is shown, too, on the direction sheet.

Italian hemstitching is a tailored finish that always looks well bred.

It belongs on the heavier linens, rather than the lightweight handkerchief type.

The direction leaflet for "Italian Hemstitching No. 1" may be obtained by sending three cents and a stamped, self-addressed envelope. Address Nancy Page, care of The Atlanta Constitution.

Kirkwood League Juniors Plan Dance.

The election and installation of officers for the new club year was the main feature of the April meeting of the junior organization of the Kirkwood Civic League. Officers elected were: Miss Virginia Rogers, president; Miss Fred Nash, first vice-president; Miss Evelyn Brannon, third vice-president; Miss Edith Berry, recording secretary; Miss Louise McAuley, corresponding secretary; Miss Fred Nash, treasurer, and Mrs. H. Grant, parliamentarian. Miss Fred Nash and Mrs. H. C. Grant are sponsors between the junior organization and the mother league.

Visiting the juniors from the mother league were Mrs. W. L. Hunnicut, president; Mrs. C. A. Virgin, past president; Mrs. J. B. Vandegriff, who sang a solo, accompanied on the piano by her daughter, Miriam.

After the installation of officers by Mrs. Kate Green Hess, Miss Elizabeth Freeman, past president, escorted the newly elected president to the chaperone.

As a change from the purely departmental programs of the past club year, it was voted to give a dance at the home of Mrs. Lava da Rogers Friday evening to which members and past members of the junior organization and their escorts are invited.

OUR LITTLE BOY AND GIRL DRESS "ALIKE" TO THE DEATH.

Everyone has proved time and again that few things are more attractive for youngsters than simple sailor costumes.

Today's little double-breasted styles are too fascinating for words. They have cool square necklines. Mother won't be afraid to tackle these costumes when she sees them in. The sailor that simulates a sailor collar does all the work. It covers the upper arm so cunningly and smartly.

Navy and white linen-like cotton combined to make these practical costumes. There are lots of other schemes that you will like equally well.

Style No. 15 is made in sizes 2, 4 and 6 years. Size 4 requires 1 1/4 yards of 35-inch material with 1 1/4 yards of 35-inch contrasting and 3 1/2 yards of braid. Boys' suit requires 1 yard of 35-inch material for trousers and yokes with 3 1/2 yards of 35-inch material for waist with 3 1/2 yards of braid. Pattern includes both models in one. The sailor suit and the sailor dress are two patterns will have to be ordered and will cost 15 cents each.

Our illustrated home dressmaking spring book will enable you to have smart clothes and more of them for less money. Each step in the making of a dress is shown with an illustrated diagram. Send for your copy today.

TOMORROW'S CHILD

By JULIE ANNE MOORE

WHAT HAS GONE BEFORE:

Val Clarke, engaged to Robert Greeley, goes to New York from New Manchester to shop with Mrs. Warren, her Aunt Margaret, who resides there. New York newspaper wrote a best seller; Leslie Crawford, Best's halfbrother, and Winifred, Best's wife, are in New York. Kate, Val's maid, has been playing around the town. Winifred, Kate's mother, is wealthy Evelyn Garfield. She hates Leslie after losing a will contest and Leslie respects her. Winifred is a widow living near Philadelphia. Louise (Lessee) Cameron, who is with Grandad Scott, grandchild of Mrs. Warren, defends herself so well Guy has to assist Leese out. Pete's gambling rooms are raided and an Cran drives Val back. During a storm, Leslie drives home and she is through the heart. Hurrying from the theater, Val sees Hugh who says he's a bum. Hugh had left earlier to catch a train. Leese goes with Cran to see Val and Val's aunt orders her to go to work. Val goes to Kate's room and sees Hugh by the window. Hugh first saw Val when she was a playmate of his. Hugh is a playboy and she is a parsoness. NOW GO ON WITH THE STORY.

INSTALLMENT XVII.

"She didn't think it," Hugh hurried to Val's defense. "Your question suggested a surprise and she

made a wild guess. My guess would have been Guy Williams."

"And while your guess is just as wise, it happens to be correct," Kate said, smiling again. "They were parked out in a corner and looked quite cosy."

"Guy gave Winifred quite a rush last year," Hugh said.

"Yes, I know, but no one took it seriously. Winifred least of all. Guy has much more to offer. He spends and he gets a kick out of being seen around with a Broadway favorite . . . even though she is ten years his senior."

Hugh shrugged. "Winifred is a very clever and a beautiful woman," he said, "but \$2 million dollars is

the same reason, Hugh. There isn't anything to explain and no call for an apology."

"Sure!"

"Oh, quite. Last night I let another man kiss me and never see me again. That's all a kiss amounts to, Hugh. When it's over—it's over."

His face clouded. "I see. It's as unimportant as that."

"Of course. That's what you were lying to tell me a moment ago, isn't it?"

He didn't say anything, just looked at her, puffed by the bright sparkle of her eyes. Then: "Well—sorry, anyway. Good night."

It was during dinner in the apartment that Val suddenly said, "Kate, is a sign you're in love with a man when you like to have him kiss you?"

Kate laughed. "Surely you aren't as naive as all that, Val."

Val studied the prongs of her fork. "Perhaps not, but—there's something cheap about a girl who kisses every man that comes along."

"Of course there is, but few girls do. Kissing a few men you happen to like isn't kissing every man that comes along, you know. And as for love . . ."

The maid leaned over the table: "When love comes, darling, you feel it instantly. A kiss won't tell you. No one thing will tell you—but you'll know."

It was four following afternoon when Val returned to Kate's apartment. The conference with the police had drained her of every ounce of strength, and she was only one picture Winifred's. Hugh saw the deep shadows in Kate's eyes and knew what she was thinking. Suddenly he was on his feet, forcing a smile. "Sorry, ladies, but I have an appointment to keep. I must go to New York and see my old friend, Val."

"But," Val said, puzzled, "I'm going home tonight."

The maid's eyes widened. "Ain't them three trunks yours, Miss Val?"

"Violet was wearing her usual wide grin when she let Val in. "How come," the maid said, "you and Miss Kate ain't tell me you gonna stay wid us, Miss Val? I am so pleased and de-lighted."

"But," Val said, "I'm going home tonight."

The maid's eyes widened. "Ain't them three trunks yours, Miss Val?"

Violet was standing by a front window of the living room when Kate came in. She saw the slim figure silhouette against the thin draperies and Val, turning, gave her cousin a sad little smile that announced she was in trouble. "Val, what is it?"

Kate saw that her eyes were red from crying. Val walked to the sofa. A slim finger raked the rough surface of the yellow upholster. Obviously she was trying to hold her feelings in check, to answer casually a question for half an hour or more. She said at last, "Did Hugh tell you he offered me a job?"

"Why, yes. Not a job exactly, but a salary to stay in New York and . . . Val, you're upset about something."

The DEBUNKER

By John Harvey Farbey, Ph.D.

Historians point out that there is a good deal of difference between pilgrim and puritan, which many people use interchangeably, supposing them to be the same thing. The Puritans were a religious order that arose in the reign of Queen Elizabeth. They were the strictest of the strict among the Church of England. The Puritans split off from the Church and refused to follow the Church of England thus they were not longer puritans. In fact, they were not as strict as the old puritans, but were quite liberal in comparison with them.

UNCLE RAY'S CORNER

LETTERS FROM FOREIGN LANDS.

IV—Another Dutch Letter.

Among the things which have come to me from abroad is a little magazine published in Holland, and in the magazine I find printed a letter I sent to the superintendent of schools in a Dutch city. In this letter I asked to have young people in Holland write and tell us about themselves. Yesterday we had a letter from a high school student, and today we have one from another Dutch girl:

"Summer passed, and in the autumn a brave Dutch boy broke holes in the dikes. This brought a flood which made the standards run away, leaving everything they owned. The people of Leyden leapt over the walls, and in the tents of the enemy they found white bread, herring, and hodgepodge. The 'hodge-podge' was composed of cooked potatoes, carrots and meat-ribbons. It was a happy day, for Leyden was saved."

"That happened on October 3, and on the same date each year we have a feast day. There is music and song, and the burgomaster (mayor) gives a talk to the people and hangs a wreath around the statue of Van der Werff, 'father of the city.' White bread and meat-ribbons are given to the poor for 3.275 per cent (the past year). In the afternoon there is a colorful procession. The whole town puts out flags, and all the people eat hodge-podge."

KNOXVILLE, Tenn., May 6.—(P)

Leo Moon, veteran southpaw, set New Orleans down with six widely scattered hits today as Knoxville defeated the Pelicans, 4 to 1, and took a two-game lead in the current series. New Orleans won the third in the third inning when Connally doubled and then scored when Flarito, Smoky shortstop, threw Tommy Irwin's grounder wild to first base.

The defeat sent the Travelers six games back of the leading Crackers.

Raymond 'Bear' Wolf Named North Carolina Football Coach

**T. C. U. LEADER
WILL REPLACE
CARL SNAVELY**

**New Tarheel Mentor
Started Career With
Frogs Back in 1926.**

(AP)—Robert A. Fetzer, athletic director of the University of North Carolina, said tonight Raymond (Bear) Wolf, athletic director of Texas Christian University, has been elected head football coach.

Fetzer said Wolf was elected several nights ago by the athletic council but that he did not accept until tonight.

The new coach will replace Carl Gray Snavely, who resigned recently to become head coach at Cornell University.

He has been at T. C. U. since 1926, serving as football line coach and head baseball coach.

distance of the lead in the sixth when they scored their only two runs.

Luce singled and Clancy doubled.

Lucie homered, Scott hit to Thomas and Luce went out in a chase,

Thomas to Hill to Galvin.

Old Hoss Stephenson scored Bud Clancy with his second single, Scott holding third. Elmer Trapp flied to center and Scott scored after the catch.

This represented the Baron attack in a veritable whitewash.

LIFT PRESSURE.

And so the Crackers led by only 3 to 2 going into the seventh. They figured this would never do. So they put on one of their customary rallies.

Moore singled and Chatham doubled. Thomas grounded out. Darrow went out and Flanagan got in to waste his sweetness on the desert air.

Hamel lined to center and Moore scored after the catch. Alex Hooks singled to center, sending Chatham home.

This display of the old power amounted to the ball game but the Crackers won nothing. They came right back in the eighth with three more hits and as many runs.

Lipscomb doubled to left and Moore walked. Chatham's single scored Lipscomb and sent Moore to third. The latter scored after the catch of Thomas' long fly to center. Hamel came through with a triple to right center and Chatham breezed home with the final run.

OLD HOSS STARS.

Old Hoss Stephenson, who made a sensational catch of Moore's potential Homer in the fourth inning, held the only punch in the Baron attack. He got three hits in three official times at bat. He drew a walk, his first time up. The old Hoss, in other words, got half of the Baron's hits and drove in one of the two runs. Birmingham could use a few more Stephenson.

Pick Hamel again led the Cracker hitters with a single and triple in three official times at bat. He walked twice. Moore and Chatham were the only other Crackers getting two hits.

The champions turned in a neat double play in the fifth.

A crowd of 1,593 witnessed the third game.

The Crackers leave on a 14-game road trip following today's game. They will play the Chickasaw's first contest under lights. Manager Moore plans to pitch either Ralph West or Almon Williams, two rookies who have a lot of speed and should go good at night.

HUGHES, MATES DRUID WINNERS

Dr. Julius Hughes and his mates defeated Dr. J. J. Clark's golfers, 18 1-2 to 8 1-2, Wednesday afternoon on the Druid Hills course in the opening of the annual Druid Hills tournament schedule.

The tournament was followed by a dinner at which Dr. Hughes' team were guests of the losers.

And it was Dr. Hughes' team victory, winning three points from Crawford Rainwater and C. M. Bowden, leaders of Dr. Clark's team.

Members of Dr. Hughes' team in addition to the winners were: Chalmers, G. J. Carson, H. A. Taylor, J. O. Knight, G. J. Holditch, E. A. Bancker, W. R. Klinger, J. L. M. White, B. Blodgett, Tom Miller, Artie Mizell, N. Standard, Tom Miller, Dr. M. Huff, H. L. Young, Dr. J. R. Childs, W. C. Brown, Harry Vines, George Bradley and C. Callendar.

The losing team and hosts at the dinner included Rainwater, W. F. McBeth, H. H. Ellison, John Sloan, J. M. Kalish, Bob Cousins, Dr. J. J. Clark, Dr. G. Mitchell, Frank D. Johnson, Dr. G. Fuller, Dr. George Fuller, Dr. C. E. Bushin, S. Quay, Ad Harbert, J. R. Little, Edgar Dunlap and Dr. W. W. Anderson.

Cambridge, Mass., May 6.—(UPI)—Harvard has severed varsity boxing relations with its ancient rival, Yale, whose name was disclosed tonight when schedules for the 1936-37 season failed to include a match between the two teams.

The break is the first between the two traditional rivals in athletics in two years.

With one away in the fifth, Cambridge had been too anxious to give up its grip on the conference and it got away from him. Copeland then struck out Granade and Fitzpatrick and that was that. The little ninth saw Brown, a good little pitcher in his own right, filling in at short for Cauthen, of Oglethorpe, and two ways he judged far and a happy roller, letting him get to first. Big Ed then sent Durham down swinging and that was the third and last man to reach first.

Wooten, Copeland's battery mate, and Carson, Oglethorpe third baseman, led the Oglethorpe team in hitting with three safe blows apiece.

Durham, Mercer left fielder, was the first man to see first base. This was in the fourth and due to First-base-man Johnson dropping H. Clement's perfect throw. Tyson then popped to Johnson to end the inning.

Big Ed then sent Durham down swinging and that was the third and last man to reach first.

Wooten, Copeland's battery mate, and Carson, Oglethorpe third baseman, led the Oglethorpe team in hitting with three safe blows apiece.

With one away in the fifth, Cambridge had been too anxious to give up its grip on the conference and it got away from him. Copeland then struck out Granade and Fitzpatrick and that was that. The little ninth saw Brown, a good little pitcher in his own right, filling in at short for Cauthen, of Oglethorpe, and two ways he judged far and a happy roller, letting him get to first. AMERICA AND FRANCE SIGN PACT ON TRADE

Leaders Say Treaty May Spur Commerce With Europe.

WASHINGTON, May 6.—(AP)—The United States concluded the negotiation of a reciprocal trade pact with France today amid official predictions that the treaty would spur the tempo of commerce between American and continental European countries.

Secretary Hull and Ambassador Andre Lanoye signed the pact at the State Department, ending more than a year of almost uninterrupted bargaining in which last remaining technicalities were reached only last night. Officials here were known to regard the pact as of especial significance.

Effective June 15.

An accompanying statement said the agreement will become effective June 15 and be operative until July 1, 1937, and indefinitely thereafter, subject to termination by either country on six months' notice.

"It will provide improved opportunities for the expansion of trade in products of special interest to each country and will enable commercial interests concerned to develop these opportunities without fear of sudden and unforeseen changes to which they are subject in the absence of such an agreement."

"In addition to duty concessions and quota increases by France and duty concessions by the United States on carefully selected lists of products, the agreement provides in general for substantial most-favored nations treatment by each country of the commerce of the other."

The Thirteenth Treaty.

The treaty was the thirteenth to be concluded by the State Department under the reciprocal trade act of 1934. Others have been signed with Cuba, Brazil, Belgium, Haiti, Sweden, Canada, the Netherlands, Switzerland, Colombia, Honduras, Nicaragua and Guatemala.

Negotiations are pending with Costa Rica, Salvador, Spain, Finland and Italy.

Authorities rated the French treaty second only to the Canadian pact in importance, France being the fifth largest customer for American exports. Shipments to France in 1935 had a total value of \$16,920,014 and imports for consumption were valued at \$55,614,610.

President Roosevelt had set May 15 as the last date on which France could receive the benefits of reduced duties granted other nations in previous pacts.

FORESTRY SESSION IS TO OPEN TODAY

Annual Convention in Columbus To Draw Many State Leaders.

The Georgia Forestry Association's annual convention, which opens this morning at Columbus, will draw a number of well-known Atlantans to its sessions, including two state officers of the association.

Atlanta attending the association will include T. Guy Woolford, association president; Joseph A. McCord Sr., treasurer; Roland Turner and E. S. Center Jr., railroad agricultural agents; Elmer Dyal, state forester; C. E. Boggs, state educational manager; R. R. Smith, state geologist; Tom L. Johnson, state auditor; W. H. Barnwell, Atlanta, state auditor; and C. F. Evans and B. M. Lubnay, of the United States Regional Forest Service.

Mr. Woolford will preside over the opening session this morning and the list of speakers on the two-day program include numerous Georgians of prominence. Dr. Charles Herty, of Savannah, originator of wood pulp processes in the south, is on the program for an address.

MURDER CONFESSION IS MADE BY TRANSIENT

Walter Jossey, 42-year-old negro of Pittsburgh, Pa., walked into police station yesterday afternoon and declared he wanted to quiet an over-worked conscience by admitting a murder.

The man said he stabbed a negro woman late last year in Pittsburgh and later learned she had died. He left Pittsburgh, he said, and began wandering over the country, but couldn't shake his conscience.

Officer J. Gessell, investigator in the chief's office, obliged the negro by taking him into custody and wiring his description and confession to Pittsburgh authorities. The negro, he said, seemed relieved at getting the matter off his chest.

PUBLIC HEALTH SERVICE GIVES GEORGIA CHECK

Governor Talmadge announced yesterday that the state had received a check for \$28,855 from the United States Public Health Service and that it had been endorsed by J. B. Daniel, the de facto state treasurer, and by himself as governor over to Dr. T. F. Abercrombie, state director of public health.

The check was sent to the treasurer of the state of Georgia and indicated recognition of Daniel's claim to the treasurer's office. A similar check was cashed some weeks ago, the Governor said.

Thus far other agencies of the federal government have refused to recognize Daniel to the extent of sending checks through him.

BRAZIL'S FIRST LADY TO LEAVE U. S. TODAY

MIAMI, Fla., May 6.—(AP)—Senora Getulio Vargas, first lady of Brazil, was to leave for Rio de Janeiro tomorrow from here aboard an airline after a month's stay in the United States.

Accompanying her will be two children of Senora Vargas and the president, Alzira and Getulio Jr. They bade farewell today.

British Heads Reported Convinced Italy Must Be Blocked in Africa

Lake Tana Area Imperiled by Fascist Occupation, Londoners Declare; Haile Was To Grant Property to England, Spokesman Says.

(What does Italy's victory in Ethiopia really mean to Britain? The following information was obtained by Albert W. Wilson, Associated Press staff correspondent, during the course of recent assignments in East Africa.)

By ALBERT W. WILSON.

In the eyes of many interested British officials in both East Africa and the British empire has suffered its first defeat as a modern colonial power through Italy's conquest of Ethiopia.

In many talks with British legation officials in Addis Ababa, Sudan agency officials, British and Egyptians in Cairo, as well as the government "spokesman" in London, the writer was impressed with their conviction that Italy would have to be blocked or irreparable damage would be done to Britain.

Britain had smashed Napoleon in Egypt when he tried to occupy that country. She whipped Russia in the Crimean War, and she has been aspired to seize Turkey and dominate the Mediterranean. Field Marshal Allenby and Lawrence of Arabia preserved British prestige in the near east in the World War. But Mussolini met with only threats.

Despite Italy's repeated declarations that British interests in Ethiopia will be respected, the realistic view of British officials is pessimistic. As one stated: "Today when a nation agrees to something in principle, it means it is against it."

A trusted British official still in

the near east, who negotiated several years ago with Emperor Haile Selassie for a British concession at Lake Tana, said: "Our Italian troops occupy the lake. Britain may as well give up to Italy as to itself."

The blow suffered these last few days by Britain is all the more bitter since the emperor, according to this informant, was on the verge of granting the concession just before the outbreak of the war.

The potential importance of Lake Tana to Britain is far-reaching. The problem is not so much the scheme to build a harbor at the lake, maintain and possibly increase water carried into the Sudan and Egypt for irrigation.

The British had been surveying a projected motor road between Addis Ababa and the lake, and had planned a bridge across the Blue Nile at Gambela.

The British officials ridiculed fears that Italy might even divert waters of the Blue Nile to Eritrea, thus depriving

the British of an undertaking as impossible as the building of the Panama Canal.

The British officials' main concern is to keep the Italian troops from occupying the lake.

The British, however, are worried about the effect of the Italian occupation on the economy of the Sudan and Egypt.
